

Module Twenty-Three: Competency-Based Learning

Rather than telling you what I think about Competency-Based Learning, I thought I would reprint, with permission, Dr. William Glasser's booklet entitled, [The Competency Based Classroom \(CBC\) of the Quality School](http://www.coachingforexcellence.biz/cbc.pdf). Click on link to open or go <http://www.coachingforexcellence.biz/cbc.pdf> to download.

That way you hear it in the master's own words.

Enjoy.
